SUMMARY

Product designer with 9+ years across healthcare SaaS, enterprise software, consumer tech, and retail. Currently designing hospital management systems, EHR experiences, and a large-scale design system at Narayana Health, with a focus on tying design decisions to business outcomes.

CORE SKILLS

Product & UX: UX research, information architecture, interaction design, prototyping, usability testing, service design, journey mapping

Healthcare: EHR/EMR usability, hospital management system workflows, clinical data platforms, FHIR-native products

Systems & tools: Design systems at scale, Figma, React/JSX component prototyping, AI-assisted design tooling, Agile delivery, design team leadership, stakeholder alignment

EXPERIENCE

Senior Product Experience Designer

Jul 2025 – Present

Narayana Health • Bengaluru

- Design for a Hospital Management System serving large healthcare ecosystems.
- Apps for operations teams, nurses, patients, and doctors.
- Design system for a huge product ecosystem.
- EHR usability and design.

Product Design Lead

Nov 2021 – Jun 2025

314e Corporation • Bengaluru

- Led design for a portfolio of US healthcare products: an AI-powered EHR/EMR training platform, a healthcare document management system, a FHIR-native clinical data repository, an AI healthcare enterprise ATS, and a data integration platform.
- Built cross-product design systems and partnered with engineering and product leadership to translate clinical and compliance requirements into usable enterprise workflows.

Product Designer

Jan 2019 – Dec 2021

Titan Company Limited • Bengaluru

- Designed iOS and Android apps for Titan's smart devices portfolio and led the e-commerce buying experience for optical lenses and eyewear.
- Created in-store retail experiences — Endless Aisle UX, interactive display apps, and a live AR virtual try-on for eyewear; won the Outstanding Titanian Dream Team Award for the ClearSight launch.

Design Consultant

Dec 2018 – Dec 2019

Glenmark Pharmaceuticals • Bengaluru

- Contributed to warehouse, inventory, and logistics management software and a factory-specific applicant tracking system; helped set up the design function.

Earlier roles

2015 – 2018

PETA (Web Designer) • PurpleCrest (Junior UX Designer) • Explorelifetraveling (Design Intern) — B2C wellbeing apps, campaign photography, brand & web design.

EDUCATION & BEYOND WORK

B.Des — Design & Visual Communications, National Institute of Fashion Technology (NIFT) 2014 – 2018

Part-time artist and photographer.
